

Regional Application Centers

The regional application centers will promote combined heating and power (CHP) technology and practices, serve as a central repository and clearinghouse of CHP information, and identify and help implement regional CHP projects.

Regional Application Centers

- Mid Atlantic Regional Combined Heat and Power Application Center
 - University of Maryland, Rutgers, West Virginia University
- Northeast Regional Combined Cooling, Heating and Power Applications Center
 - Pace University, University of Massachusetts- Amherst
- Northwest Region Combined Cooling, Heating, and Power Applications Center
 - Washington State
- Southwest Combined Heat and Power Regional Application Center Network
 - University of California Irvine, University of California Berkeley, San Diego State University
- Midwest Regional Combined Heat and Power Application Center
 - University of Illinois, Chicago
- Southwest Regional Combined Cooling, Heating and Power Application Center
 - Southwest Energy Efficiency Project (SWEET), etc Group Inc
